

## SANDIA SCIENCE & TECHNOLOGY PARK

October 2011

*The Sandia Science & Technology Park (SS&TP) continues as a key player in the research, science, and tech park world. The Park is an outstanding example of linking technology commercialization to community success.*

Eileen Walker, CEO, Association of University Research Parks

### Tenant News

**TEAM Technologies** – In recognition of the company’s exceptional performance providing manufacturing services as a subcontractor on the U.S. Army’s Lighting Kit, Motion Detector (LKMD) contract, TEAM was nominated by the prime contractor, URS Corporation, for the Small Business Administration’s (SBA) subcontractor of the year award. Recently, TEAM Chairman & CEO Bob Sachs was presented with the SBA’s Administrators Award of Excellence. TEAM was recognized by the SBA for their innovative product development and exceptional service to government agencies and small and large businesses. URS praised TEAM’s contribution to the LKMD program, citing TEAM’s initiative in producing and delivering components ahead of schedule, as well as the invaluable assistance provided by committed employees working to make the project a success.

### Calendar

Nov 9	Entrepreneurial Spirit Awards Luncheon
Nov 29 - Dec 2	AURP International Conference
Dec 14	Tenant Leadership Luncheon

### Updates

**Association of University Research Parks (AURP) Southwest Regional Meeting** – On September 14-16, Sandia National Laboratories (SNL) and the New Mexico Science and Technology Parks Alliance hosted the AURP Southwest Regional Meeting. AURP fosters innovation, commercialization, and economic growth in a global economy through university, industry, and government partnerships. The meeting was focused on “working with federal laboratories” and began in Albuquerque with welcoming remarks from Mayor Richard J. Berry, followed by tours of the National Museum of Nuclear Science & History and SNL. At SNL the group visited the National Solar Thermal Test Facility and the Thunder Range with a demonstration of Stingray, a compact water disrupter that disables IEDs. The meeting continued for a full-day session in Santa Fe and concluded on Friday with a tour of Los Alamos and Los Alamos National Laboratory. Attendees from over 13 states participated.

**SS&TP Tenant and Partner Picnic** – On September 22, the SS&TP hosted its annual Tenant and Partner Picnic at Ted Hobbs Park. It was an informal gathering for Park leaders and community partners to network and hear about successes from the past year, as well as plans for the future. A special United Way of Central New Mexico presentation was made by Ed Rivera, President & CEO and Don Power, President & CEO, Jaynes Corporation and Past Campaign Chairman. Participating Park leaders, Sherman McCorkle, Chairman, SSTPDC; Steve Downie, President, Raytheon Ktech; and Scott Mitchell, Director of Operations, Heel USA shared their company’s United Way campaign experiences.

The Sandia Science & Technology Park is a proud member of the Association of University Research Parks and the New Mexico Science and Technology Parks Alliance.
