

The SS&TP is a place where people connect, share ideas, and work together. Last year, we collaborated to achieve several milestones, including welcoming new companies, releasing an economic impact report, and selecting an artist for our public art project. This year, we aim to help even more partnerships grow.

Linda von Boetticher, SS&TP Program Director, Sandia National Laboratories

AVAILABLE SPACE & LAND

Looking to Locate in the Park?

The SS&TP has several options available.

- Office space ranging from 5,400 to 12,000 sq. ft. in multi-tenant buildings for lease.
- High tech office/warehouse spaces ranging from 25,000 to 190,000 sq. ft. for new building construction lease.
- Land for sale, lease, or exchange to construct a new building.

To learn more about the SS&TP and arrange a tour, please reach out to Linda at Ivonboe@sandia.gov or 505.844.9462.

COMPANY, ORGANIZATION & PARTNER NEWS

New Members Join the SS&TP CAC

Jeffrey Lopez, senior policy advisor and field representative from U.S. Senator Ben Ray Lujan's office, and Chad Van Dam, branch manager 2 for the SS&TP and Kirtland Air Force Base branches at Sunward have joined the SS&TP Community Advisory Council. The SS&TP CAC provides guidance on current and future Park activities. The New Mexico Congressional Delegation and Sunward have been long-standing partners of the SS&TP.

KPC Hosts Annual Breakfast Meeting

The Kirtland Partnership Committee (KPC) recently held its Annual Breakfast Meeting, sponsored by Sunward. Incoming KPC Chairman Jacob Sena and the KPC Board of Directors hosted an informative session featuring Major General Michael Drowley, Commander of the Air Force Operational Test and Evaluation Center (AFOTEC). Major General Drowley provided valuable updates on AFOTEC's initiatives and its vital role in enhancing the operational capabilities of the Air Force. KPC, located in the SS&TP, is a nonprofit organization comprising civic leaders dedicated to preserving, supporting, and growing Kirtland Air Force Base.

IIA Offers Fluid Testing

As a leading provider of dimensional inspections, Industrial Inspection & Analysis' (IIA) Lab Services team offers quality-related services, including precision dimensional inspection measurements, in its ISO/IEC 17025:2005 accredited laboratory at the SS&TP. With the October 2024 acquisition of Tribologik Laboratories and Predictive Maintenance Corporation, IIA's vast service menu now includes ASTM-compliant oil, fuel, coolant, and grease testing, as well as transformer insulating oil analysis, to help customers monitor the condition of industrial equipment and maximize safety and performance.
