

OCTOBER 2016

10/6

Rise of the Rest Luncheon with Steve Case

12:30 PM – 2:00 PM

Bow and Arrow Brewing Company

Sandia inventors and entrepreneurs share their technologies with Steve Case, founder of AOL and investment firm, Revolution LLC.

NOVEMBER 2016

11/15

Lab Launch 2017 with Wasabi Ventures and Air Force Research Laboratory (AFRL)

3:00 PM – 5:00 PM

National Museum of Nuclear Science and History

Community event designed for entrepreneurs interested in a new AFRL-funded accelerator program in Albuquerque. This is a Global Entrepreneurship Week (GEW) program in partnership with the City of Albuquerque.

DECEMBER 2016

12/6

Leading the Way in Cybersecurity and Building a 7-figure Cybersecurity Company in New Mexico

4:00 PM – 5:00 PM

Tractor Brewing

Mark Fidel will outline the entrepreneurial story of building RiskSense, a local cyber-security platform services startup. Then we will hear about Sandia's Cyber Engineering Research Laboratory.

12/6

Entrepreneur Exploration (EEx) Holiday Social

5:00 PM – 6:00 PM

Tractor Brewing

Mingle with fellow Sandians, local entrepreneurs, business and community leaders in Albuquerque to celebrate the Albuquerque startup ecosystem.

JANUARY 2017

1/26

Sandia Technology Showcase with the New Mexico Angels

11:30 AM – 1:30 PM

Yanni's Mediterranean Grill

This event will showcase forward looking technologies to entrepreneurs, investors, regional leaders, policy makers, and industrial partners. Attendees will be able to engage and connect with Sandia experts to further investigate commercialization and technology transfer opportunities.

FEBRUARY 2017

2/21

How to be a Great Founder

3:00 PM – 5:00 PM

National Museum of Nuclear Science and History

A roundtable discussion featuring venture capitalists and entrepreneurs weighing in on what makes a great founder and how moments of crisis often force CEOs to level-up and take leadership to a new level.

MARCH 2017

3/9 - 3/11

National Labs Entrepreneurship Academy with University of California, Davis

Santa Fe Business Incubator

This three-day event is the premier academic program for commercializing science and engineering innovations coming out of national labs. It is primarily intended for employees of Sandia and LANL and is a springboard for moving research out of the labs and into the private sector.

APRIL 2017

4/7 - 4/8

2nd Annual Inventors and Entrepreneurs Workshop Fidel Conference Center, NM TECH

This Business Start-Up Conference is two-days focused on "From Your Idea to Product to Market".

4/18

Innovate New Mexico Technology Showcase Sandia Golf Club

A day-long technology showcase with New Mexico R&D institutions, including Sandia, pitching to a panel of "sharks."

JUNE 2017

TBD

Co-Founder Network Event

This is a fast way for Sandia scientists, post-docs, and entrepreneurs to meet potential teammates with a focus on building a business together. Connect with like-minded innovators, developers, and startup founders to find a strategic partner match.

SEPTEMBER 2017

TBD

Company Culture and Building a Startup Team

3:00 PM – 5:00 PM

Culture is extremely important to scaling your startup. Experts will highlight the critical elements of a startup culture, provide best practices for scaling it, and offer tips for aligning your team around shared values.

Sandia National Laboratories

All dates and times are subject to change.
