

37 COMPANIES AND ORGANIZATIONS • 2292 EMPLOYEES • \$368 MILLION OF INVESTMENT

*As the Sandia Science & Technology Park (SS&TP) wraps up 2014, we want to share with you some highlights from the past year and wish you an innovative, prosperous, and joyful year in 2015.*

### PARK COMPANY ACCOMPLISHMENTS

**Aegis Technologies Group** celebrated 25 years of service.

**Applied Technology Associates** received a New Mexico Flying 40 Award.

**EMCORE** received the Compound Semiconductor's 2014 CS Industry Award and a New Mexico Flying 40 Award.

**MOOG, Inc.** was recognized as a Center of Excellence for its optomechanical capabilities.

**National Museum of Nuclear Science & History** received accreditation by the American Alliance of Museums.

**TEAM Technologies** received a New Mexico Flying 40 Award.

### COMMUNITY INVOLVEMENT

**GAITS and RED, Inc. Communications** led a Toys for Tots campaign.

**New Mexico School for the Blind & Visually Impaired** hosted a blood drive.

**Sandia National Laboratories** hosted a Growers Market in the Park to support local farmers and to offer healthy food options to employees.

### THANK YOU

**Raytheon and Applied Technology Associates** for hosting a Company Leadership Luncheon.

**Sandia Laboratory Federal Credit Union** for hosting a Company Leadership Luncheon and sponsoring the SS&TP Open House.

**SS&TP Development Corporation** for sponsoring multiple Park events.

**The National Museum of Nuclear Science & History** for hosting a Company Leadership Luncheon.

**SS&TP Company Open House** showcased the services and capabilities of Park companies to representatives from Sandia National Laboratories and Air Force Research Laboratory.

**Economic Impact Assessment News Conference** announced 2,470 jobs created, \$2.2 billion impact on taxable personal consumption, and \$3.7 billion impact on wage and salary disbursements all attributable to the Park.

**Center for Collaboration and Commercialization (C3)** was announced by Sandia in partnership with the City of Albuquerque and the University of New Mexico. It aligns with the Innovation District and Innovate ABQ initiatives and is intended to boost Sandia's interactions with its partners and to promote technology commercialization.

**Sandia Technology Showcase** was revamped to highlight partnership opportunities and create more commercialization results. It is now a series of events in New Mexico and California.

**Cyber Engineering Research Laboratory** led a cognitive research effort to enhance the research environment by bringing food trucks to the SS&TP.

**Liquid Common**, a nationwide, digital marketing company, moved into the SS&TP.

**Sandia's Licensing and Procurement teams** hosted a roundtable exclusive to Park companies focused on doing business with the Labs.

**U.S. Congresswoman Michelle Lujan Grisham** hosted a news conference at EMCORE to announce a new Congressional Business Advisory Council.

**U.S. Senator Tom Udall** visited Applied Technology Associates as part of his focus on technology transfer and the creation of companies based on research from the national labs.

**Congressional Fellow Brian Crone** from U.S. Congressman Ben Ray Lujan's office visited the SS&TP to explore Sandia's economic development programs and tour companies in the Park.
