

SANDIA SCIENCE & TECHNOLOGY PARK

July 2012

A community is defined as a group of people who live in some proximity to each other and who interact. The recent meeting of the Sandia Science & Technology Park (SS&TP) company leaders with Sandia National Laboratories (SNL) members of management allowed us to interact in a very valuable way. We all learned more about what's on each other's minds and began to craft future interactions that would be beneficial.

Nancy Davis, PMP, C.P.M., Director, Supply Chain Management Center, SNL

32 Companies and Organizations, 2474 Employees, \$351 Million of Investment

Recognition

Applied Technology Associates (ATA) – The company was honored as one of the Top 10 Revenue Companies at the New Mexico Technology Flying 40. The annual celebration recognizes the fastest-growing technology companies headquartered in the state. ATA employs 287 people and had revenues of \$37.3 million in 2011. The event was sponsored by several organizations, including the Sandia Science and Technology Park Development Corporation and Technology Ventures Corporation (TVC).

SS&TP Program Leader Wins NMBW 40 Under Forty Award

Elizabeth Kistin Keller, Program Leader for the SS&TP, was named one of the 2012 New Mexico Business Weekly (NMBW) 40 Under Forty honorees and one of two “Most Outstanding” winners in the Under 40 group. A celebration was held at the Sheraton Albuquerque Uptown in June where these up-and-coming professionals were recognized as rising stars in their industries and for making an impact on New Mexico.

Recent Events

National Museum of Nuclear Science & History – The Museum and TVC hosted a breakfast in June for Dr. John Holdren, Director of the White House Office of Science and Technology Policy. He met with several SS&TP and New Mexico business leaders to discuss Administration initiatives that support technology development and commercialization and to find out what issues are at the top of the New Mexico tech community's agenda.
