

48 COMPANIES AND ORGANIZATIONS • 2194 EMPLOYEES • \$389.6 MILLION OF INVESTMENT

*Our location at the SS&TP has been instrumental to our growth and has kept us close to our customers, which has also allowed us to provide immediate and reliable service to Sandia.*

Danny Ruiz, New Mexico Branch Manager, Mazda Computing

### COMPANY AND ORGANIZATION NEWS

#### Mazda Awarded Sandia JIT Contract

Mazda Computing is proud to announce the re-award of the Sandia National Laboratories JIT Contract for Tier 2 Intel, AMD, and NVIDIA Data Center Servers, Storage, and Networking. The company is excited about the opportunity to offer their service, support, and technical expertise to Sandia for five additional years. Mazda Computing is a woman-owned small business and a value-added supplier of hardware and software computing products and solutions.

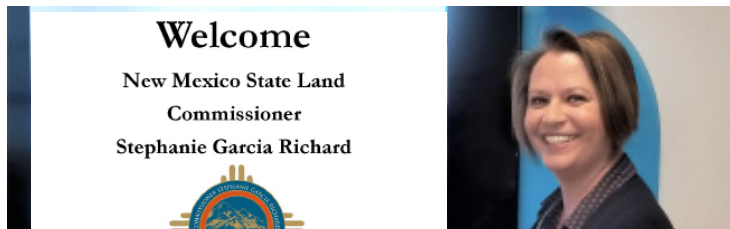

### RECENT EVENTS

#### New Mexico State Land Office Visit

The SS&TP Program Office hosted newly elected New Mexico State Land Commissioner Stephanie Garcia Richard, along with members of her team, for a briefing and tour of the Park. The New Mexico State Land Office is a partner in the Park and they own over 114 acres of land.

#### Raytheon Meets Economic Development Leaders

The SS&TP Program Office, Albuquerque Economic Development, New Mexico Economic Development Department, and City of Albuquerque Economic Development Department met with Raytheon's new site director in the SS&TP, Richard Glover. The purpose of the meeting was to learn about Raytheon's future plans in New Mexico and offer assistance to help them grow Raytheon's presence in the state.

#### SS&TP Company Leadership Luncheon

Solaero Technologies hosted the SS&TP Company Leadership Luncheon. This event was an opportunity for Park and community leaders to learn about Solaero from the new Vice President and General Manager John Wall and meet new companies in the Park. Newly elected New Mexico State Representative Abbas Akhil and newly appointed New Mexico Economic Development Cabinet Secretary Alicia J. Keyes also attended. After the luncheon, Solaero gave a tour of their facility. Solaero is one of the world's leading manufacturers of high efficiency solar cells, solar panels, and composite structural products for satellite and aerospace applications.

### CELEBRATING 20 YEARS OF ECONOMIC GROWTH

*The landowners in the SS&TP - Albuquerque Public Schools; the New Mexico State Land Office; and the Shaw, Mitchell, and Mallory Limited Partnership - together with Sandia, the City of Albuquerque, and the Sandia Science & Technology Park Development Corporation, entered into a Memorandum of Understanding in 2000 whereby the landowners agreed to develop their land into a campus-style, pedestrian-oriented, high-technology park.*
