

47 COMPANIES AND ORGANIZATIONS • 2059 EMPLOYEES • \$384.8 MILLION OF INVESTMENT

Dynetics looks forward to creating and fostering its relationship with Kirtland Air Force Base, Sandia National Laboratories, and local communities by growing its presence in the Albuquerque area.

Travis Tuck, Manager, Albuquerque Operations, Dynetics, Inc.

COMPANY AND ORGANIZATION NEWS

Dynetics Opens Office in the SS&TP

Dynetics, Inc. recently located a new office in the Park. The company provides engineering expertise to support national security missions and information technology services to the defense, intelligence, health care, financial, automotive, education, telecommunications, utilities, and other critical infrastructure sectors. Dynetics is a 45-year-old company, 100% employee-owned, and headquartered in Huntsville, Alabama.

MRCOG and NADO Visit the Park

The Mid-Region Council of Governments, a key SS&TP partner, brought a group of emerging leaders from councils of government from around the country to learn about and tour the SS&TP. They also had an opportunity to visit the National Museum of Nuclear Science & History, located in the Park. The leaders are members of the National Association of Development Organizations (NADO) which provides advocacy, education, research, and training for the nation's regional development organizations.

RECENT EVENT

House Joint Memorial Recognizes the SS&TP

On February 11 in Santa Fe, co-sponsors New Mexico State Representative Abbas Akhil from District 20, representing the Park, and New Mexico State Representative Jason Harper from District 57, presented "House Joint Memorial 6" to the New Mexico State House of Representatives in recognition of the SS&TP's 20-year history, successes, and economic impact. Sandia Manager of Technology and Economic Development and SS&TP Executive Director Jackie Kerby Moore; and SS&TP Program Leader Linda von Boetticher were guests on the House floor during the Representatives' presentation.

CELEBRATING 20 YEARS OF ECONOMIC GROWTH

The Sandia Science & Technology Park Development Corporation (SSTPDC), a non-profit charitable foundation, was formed to manage and develop the SS&TP and attract technology-related industries to New Mexico. SSTPDC secures government grants, appropriations, and in-kind assistance for Park infrastructure improvements; manages related construction activities such as roadway development, common area landscaping, signage, and recreational park development; and provides access to high speed fiber optic communications.
