

48 COMPANIES AND ORGANIZATIONS • 2194 EMPLOYEES • \$389.6 MILLION OF INVESTMENT

X-Bow Systems is excited to be part of the New Mexico Research and Development community from our base here at the SS&TP. Local partnerships are critical for the successful development of our technology and commercialization efforts in the space industry.

Jason Hundley, CEO, X-Bow Systems Inc.

COMPANY AND ORGANIZATION NEWS

X-Bow Opens Office

X-Bow Systems (pronounced Crossbow) occupies office space in the SolAero Technologies building located in the Sandia Science & Technology Park (SS&TP). X-Bow is a small launch vehicle provider and technology development company. X-Bow works with partners which include world-class commercial space companies, university researchers, and government agencies: Spaceflight Industries, Sandia National Laboratories, USAF Space and Missile Systems Center, U.S. Army Space and Missile Defense Command, DARPA, Defense Innovation Unit, and New Mexico Tech. The company has 11 employees that work in the SS&TP office.

CES Holds Groundbreaking Ceremony

Cooperative Educational Services (CES) held a groundbreaking ceremony for their 18,000-square-foot building on two acres of land west of the Sandia Synergy Center in the SS&TP. Construction will start soon. This facility will be the new home for the organization and nearly 30 employees. CES is a purchasing cooperative serving all K-12 schools, all higher educational institutions, charter schools, and municipalities and counties in New Mexico.

Dynetics Expands Office Space

Dynetics Technical Solutions expanded to 8,259 square feet, adding 5,869 square feet of office space to their existing 2,390-square-foot facility in the SS&TP. The company provides engineering expertise to support national security missions and information technology services to the defense, intelligence, health care, financial, automotive, education, telecommunications, utilities, and other critical infrastructure sectors. Dynetics is a 45-year-old company, 100% employee-owned, and headquartered in Huntsville, Alabama. The company currently has 7 employees that work in the Park office, and with the expanded space, can now house a total of 24 employees.

RED, Inc. Wins Communicator Awards

RED, Inc. Communications, located in the SS&TP, was awarded 17 Communicator Awards by the Academy of Interactive and Visual Arts, including a Communicator Award of Distinction in Design Features-Cover Design for Corporate Communications for Sandia's Facility and Infrastructure Plan covers. With over 6,000 entries received from across the U.S. and around the world, the Communicator Awards is the largest and most competitive awards program honoring creative excellence for communications professionals.
