

# PARK POST

## SANDIA SCIENCE & TECHNOLOGY PARK

JANUARY 2021

45 COMPANIES AND ORGANIZATIONS • 2355 EMPLOYEES • \$396 MILLION OF INVESTMENT

*The Sandia Science & Technology Park (SS&TP) is delighted to share some highlights from the past year and wish you an innovative, prosperous, and joyful year in 2021!*

### ECONOMIC IMPACT RESULTS

The **SS&TP** announced the results of a biennial economic impact analysis that was completed by the Mid-Region Council of Governments. The Park companies paid out \$6.4B in wages and salaries, generated \$3.1B worth of economic activity, and produced \$147.4M in tax revenue for the State of New Mexico and \$32M for the City of Albuquerque since the SS&TP was established in 1998.

### NEW COMPANIES IN 2020

**BioFlyte** commercializes a fieldable mass spectrometer that enables miniaturized, low-cost and low-power detection and identification of airborne microbes and toxins in real-time. They have 6 employees in their SS&TP office.

Character, Commitment, Customer Focus

**Cybermedia Technologies** provides technology, cyber security, and government contract support services; infrastructure computing; mission computing; enterprise IT and information; cloud integration; data management; and healthcare IT consulting. They have 3 employees in their SS&TP office.

**IDEAS Engineering & Technology** provides digital microelectronics, high-performance and high-reliability embedded systems, and computing and sensing systems to government and commercial customers. They have 15 employees in their SS&TP facility.

**TekSynap** is a growing small business providing Information Technology to meet the business needs of their customers. They have 3 employees in their SS&TP office.

### COMPANY EXPANSIONS IN 2020

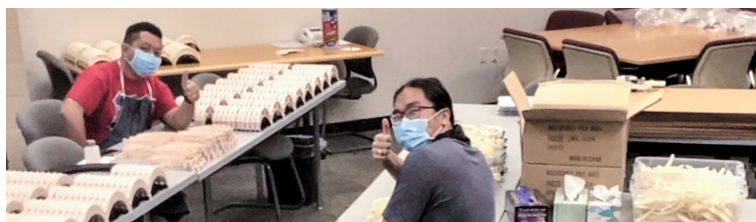

**BlueHalo, formerly AEGIS Technologies (AEGIS) and Applied Technology Associates (ATA)**, now has a total of 49,695 square feet of space due to their merger. Earlier in the year, AEGIS expanded to 8,695 square feet from their previous 2,500-square-foot office/lab space. ATA has a 41,000-square-foot building. BlueHalo provides capabilities in Space Superiority, Directed Energy, Missile Defense and C4ISR, and Cyber and Intelligence mission solutions. They have 107 employees in their three SS&TP facilities.

**Excelligent** expanded to 7,500 square feet from their previous 2,500-square-foot office space. The company is a project management and control consulting firm that is knowledgeable in systems engineering and production processes. They have 9 employees in their SS&TP office.

### PARK COMPANIES RESPOND TO COVID-19

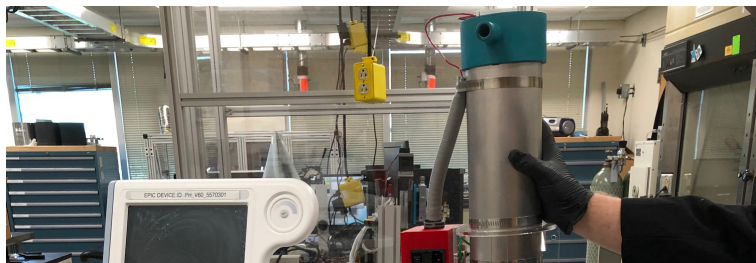

One of the New Mexico companies **NMA Ventures** invested in, **EveryDay Contacts**, a contact lens company, is creating hand sanitizer and has donated over 350 gallons to homeless shelters to date.

**PADT** is using their 3D printing and engineering capacity to help create Personal Protective Equipment (PPE) for medical workers.

**Sandia Laboratory Federal Credit Union** quickly adapted and found ways to help keep clients afloat like offering payment relief, loan deferment, and personal relief loans for members.

**Xertrix Technologies** rapidly produced 100 tubes that Sandia National Laboratories requested for pathogen management kits that can be attached to respiratory machines so they can be safely used as ventilators.
