

Thank you to the SS&TP companies and students for shining a spotlight on the great products being manufactured in New Mexico! Student tours and building general awareness help to create the future workforce our manufacturers will need to grow and thrive!

Jennifer Sinsabaugh, CEO, New Mexico Manufacturing Extension Partnership

RECENT EVENTS

Manufacturing Day

Integra Technologies Albuquerque, MediNatura, QC Group, and SolAero Technologies, companies located in the Sandia Science & Technology Park (SS&TP), hosted tours at their facilities for 21 senior students from the Technology Leadership High School, also located in the SS&TP. These companies participated in "Manufacturing Day," sponsored by the New Mexico Manufacturing Extension Partnership. The purpose of this annual event is to introduce students to careers in manufacturing and highlight local companies and the people working in the manufacturing industry.

Company Leadership & Partner Picnic

The annual picnic, held at Ted Hobbs Park, was an informal BBQ gathering to acknowledge SS&TP leaders and community partners for their ongoing leadership and support of the Park. In addition, it was an opportunity for everyone to network and meet people from new companies who have recently moved into the SS&TP. Jorge Ayala, U.S. Department of Commerce Regional Director, attended the event. The picnic was sponsored by the Sandia Science & Technology Park Development Corporation.

Legislative Committee Hearing

Steve Younger, Sandia National Laboratories Director, addressed the Science, Technology and Telecommunications Legislative Committee, highlighting Sandia's accomplishments and commitment to New Mexico. He also mentioned the new companies in the SS&TP. The public hearing took place at the New Mexico School for the Blind and Visually Impaired (NMSBVI), located in the SS&TP. NMSBVI Superintendent Patricia Beecher presented an overview of the school.

KAFB Economic Impact

Colonel David Miller, Kirtland Air Force Base (KAFB) Commander, 377th Air Base Wing, presented the 2018 Economic Impact Statement to the community at the Kirtland Partnership Committee (KPC) Annual Meeting. KPC is located in the SS&TP. The report provides information about the resources and economic impact of KAFB on the surrounding community. The local area, or Economic Impact Region, includes all counties within a 50-mile radius from the base center. The total value of KAFB's annual economic impact is \$7.4B.
